Collaborative-participatory projects

Between 2003 and 2016, Dupré successfully developed a collaborative-participatory model of art making in the social, working mostly with women groups, using textile for its plasticity and sociability, its cultural specificity and transnationalism. Her socially engaged practice and strategic use of textile are discussed in her 2014 published chapter *From Brixton to Mostar, social practice through textiles* – in *Cultural Threads* edited by [Jessica Hemmings](#).

2016-2014. DORA PROJECT, a cross-generational archiving and participatory project that addressed, through art, the contemporary relevance of the history of World War Two and early rocket engineering. In collaboration with visual and participatory artist Rebecca Snow. Peckham Platform, London, UK

2012-2011. Brixton Calling!, a collaborative and participatory project and exhibition connecting contemporary Brixton to its past - through the history of 1980s Brixton Art Gallery & Artists Collective and their archives. In collaboration with BACA (Brixton Artists Collective Archives), 198 Contemporary Arts and Education, Tate Archive, London, UK

2012-2009. St Alfege Millennium Project, Greenwich Royal Parish Church of St Alfege, London, UK

2011-2003. *here and there*, an international research project that sought to develop an ethical collaborative-participatory model of art in the public sphere
